AGRICULTURE
SUSTAINABLE **ORGANIC** FARMING TECHNIQUES

Nutrition

Provides all the essential minerals for cattle, considering the requirements and differences of foraging behavior, age and stage of production.

Increases production due to binding of Mycotoxins and positive gut health. Green Cow Feed Additive extends retention time of feed and improves the Feed Conversion Ratio (FCR).

Superior Health

The key ingredient is a specially formulated blend of biochar for animal ingestion to improve livestock health through favourable gut micro flora and removal of pathogenic flora (e.g. Campylobacter and Helicobacterium), aiding weight gain and ultimately improving the profitability of your beef operation.

Environmental Benefits

Reduction in nitrogen loss and greenhouse gasses (reduced odour) due to enhanced Cation Exchange Capacity; decreased Ureolytic activity; and decreased PH or aeration.

The value of manure is also improved creating a more stable fertiliser with higher nitrogen, phosphorus and potassium (NPK) values and stable carbon to add to soil values for future carbon credits.

Ingredients

Cereal grains, legumes and pulses, vegetable protein meals, vegetable oils, salt, limestone, bentonite, DCP, Biochar, vitamins and minerals.

Packaging

Bulk / bulk bag / small 25 kilogram bag.

Green Cow Weaner Ration

6 months +

Crude Protein (%)	ME Mj/kg	Fat (%)	Starch (%)	Sugar (%)	NDF (%)	Ca (%)	P (%)	Mg (%)	Na (%)	S (%)	K (%)
21.3	13.4	5.3	29	6	21	1.6	0.4	0.5	0.9	0.2	0.7
Cl (%)	Fe (ppm)	Zn (ppm)	Cu (ppm)	Mn (ppm)	Se (ppm)	Co (ppm)	I (ppm)	Lysine (%)	Methionine (%)	Vit. A (Kiu)	Vit. D (Kiu)
0.6	107.7	124.4	27.9	83.1	0.4	3.1	2	0.8	0.2	8	1.6

Green Cow Breeder Ration

Approx 18+ months

Crude Protein (%)	ME Mj/kg	Fat (%)	Starch (%)	Sugar (%)	NDF (%)	Ca (%)	P (%)	Mg (%)	Na (%)	S (%)	K (%)
18.3	13.3	6.2	37	3	10	1.3	0.5	0.5	0.3	0.2	0.7
Cl (%)	Fe (ppm)	Zn (ppm)	Cu (ppm)	Mn (ppm)	Se (ppm)	Co (ppm)	I (ppm)	Lysine (%)	Methionine (%)	Vit. A (Kiu)	Vit. D (Kiu)
0.5	110	124.4	27.4	83.6	0.4	3.2	2	0.5	0.2	8	1.6

Green Cow Dry Stock Loose Lick

Suitable for all stages of production. This ration is a protein and mineral supplement designed to encourage cattle to graze and utilise dry and poor quality pastures.

Crude Protein (%)	ME Mj/kg	Fat (%)	Starch (%)	Sugar (%)	NDF (%)	Ca (%)	P (%)	Mg (%)	Na (%)	S (%)	K (%)
19	7.2	2.8	6	6	6	7.4	2	1.1	7.2	1.1	0.8
Cl (%)	Fe (ppm)	Zn (ppm)	Cu (ppm)	Mn (ppm)	Se (ppm)	Co (ppm)	I (ppm)	Lysine (%)	Methionine (%)	Vit. A (Kiu)	Vit. D (Kiu)
11	179.3	742.6	183.4	489.3	3	18.7	12.3	1.1	0.3	60	12

Green Cow Detox Loose Lick

Suitable for all stages of production. A specially formulated blend of biochar and bentonite which work to detoxify the digestive tract after ingestion of weeds and toxic plants. High levels of zinc assist in hair, hoof and skin repair.

Crude Protein (%)	ME Mj/kg	Fat (%)	Starch (%)	Sugar (%)	NDF (%)	Ca (%)	P (%)	Mg (%)	Na (%)	S (%)	K (%)
19	7.2	2.8	6	6	6	7.4	2	1.1	7.2	1.1	0.8
